Thin and narrow rectangular slice.

\[ e = G \sqrt{t} \]
\[ G = \frac{1}{3} \cdot R_2 \left( \frac{a}{b} \right) \]

\[ R_2 \left( \frac{a}{b} \right) \]

Thickness \( t \times \frac{1}{2} \)

Graph showing the relationship between \( R_2 \left( \frac{a}{b} \right) \) and the thickness of the slice.
